## SOCIETY NOTES

#### The Junior "Prom"

#### Most Delightful Affair

The annual social event of the Junior class of Kenyon College, the Junior "Prom," was held in Roscoe Hall, Gambler, Monday night. Dancing began with the grand march at 9:30 o'clock and was continued until five o'clock Tuesday morning. Excellent music throughout a long program of dances was furnished by the Johnston ten piece orchestra of Cleveland.

Roscoe hall was beautifully and appropriately decorated for the occasion, the general color scheme being red and white, the Junior class colors. The class numerals, 1914, and several words and mottoes were very cleverly and prettily worked out with colored cardboard and colored electric lights. The chairs around the sides of the hall were separated from the dance floor by means of twisted colored ribbons and streamers attached to posts representing the gates and chains which mark the entrance to the campus of the college. Refreshments were served during short intermissions between dance numbers. Seventy-five couples were present to dance and enjoy the occasion.

Those who attended from Mt. Vernon were Mr. and Mrs. George Israel. Mr. and Mrs. J. T. Foote, Mr. and Mrs. R. M. Greer, Mr. and Mrs. R. C. Ringwalt, Miss Margaret Deam, Miss Irene Cooper, Mr. Arthur Morton, Miss Helen McNabb and Mr. Henry Curtis. #### Old Age

Old age as it comes in the orderly process of nature is a beautiful and majestic thing. It stands for experience, knowledge, wisdom, counsel. That is old age as it should be, but old age as it often is means poor digestion, torpid bowels, a sluggish liver and a general feeling of ill health, despondency and misery. This in almost every instance is wholly unnecessary. One of Chamberlain's Tablets taken immediately after supper will improve the digestion, tone up the liver and regulate the bowels. That feeling of despondency will give way to one of hope and good cheer. For sale by all dealers.

## Pimples Source of Great Danger

May be Means of Absorbing Disease Germs in Most Unexpected Manner.

Bid Farewell to All Blood and Skin Diseases.

The research laboratory of The Swift Specific Co. has collected a vast amount of information regarding the spread of blood diseases. In thousands of instances the most virulent types have been the result of coming in contact with disease germs in public places, and the apparently insignificant pimple has been the cause. It spreads with astonishing rapidity, often infecting the entire system in a few days. It is fortunate, however, that there is a remedy to cope quickly and thoroughly with such a condition, and thanks to the energy of its producers the famous S. S. S. may now be had at almost any drug store in the civilized world. This preparation stands alone among specific remedies as a blood purifier. It is somewhat revolutionary in its composition, since it accomplishes all that was ever claimed for mercury, iodine, arsenic and other destructive mineral drugs, and yet it is absolutely a purely vegetable product. There are more cases of articular rheumatism, locomotor ataxia, paresis, neuritis and similar diseases resulting from the use of minerals than from disease germs direct. These facts are brought out in a highly interesting book compiled by the medical department of The Swift Specific Co., 117 Swift Bldg., Atlanta, Ga. It is mailed free, together with a special letter of advice to all who are struggling with a blood disease. Get a \$1.00 bottle of S. S. S. to-day of your druggist. It will surprise you with its wonderful action in the blood.
